

Bulgaria Euro Adoption

On 1 January 2026, Bulgaria will adopt the euro (EUR) as its official currency, replacing the Bulgarian lev (BGN). In accordance with this transition, the currency of the App Store, iTunes Store, Apple Arcade, Apple Books, Apple Music, Apple One, Apple Podcasts, Apple TV, and iCloud+ in Bulgaria will be changing from Bulgarian lev (BGN) to euro (EUR) starting 1 January 2026.

Prices will be converted using the statutory fixed conversion rate of 1.95583 BGN = 1 EUR established on 8 July 2025 by the Council of the European Union in connection to the introduction of EUR as the official currency in the Republic of Bulgaria.

After the currency change occurs, any purchases and subscriptions will be billed in EUR. All refunds issued after 1 January 2026 will be refunded in EUR, regardless of the date of purchase. Existing Apple Account balances will be converted to EUR on 1 January 2026.

The table below shows the EUR prices that will be effective starting 1 January 2026 for Apple One, Apple TV, Apple Music, Apple Arcade, iCloud+, iTunes Match, Final Cut Pro for iPad, Logic Pro for iPad, and Apple TV Channels.
