

Hrvatska uvodi euro

Hrvatska od 1. siječnja 2023. godine kao službenu valutu uvodi euro (EUR), koji će tako zamijeniti hrvatsku kunu (HRK). U skladu s ovim prelaskom, od 1. siječnja 2023. valuta za kupnje u App Store-u, iCloud+-u, Apple Music-u, Apple Arcade-u, te za Pretplate na Podcaste u Hrvatskoj se iz HRK mijenja u EUR.

Nakon što dođe do promjene valute, sve će pretplate biti naplaćene u EUR. Svi povrati zatraženi nakon 1. siječnja 2023. bit će izvršeni u EUR, bez obzira na datum kupnje.

Apple će koristiti zakonom propisan fiksni tečaj konverzije od 7,53450 HRK = 1,00000 EUR, koji je 12. srpnja 2022. godine odredilo Vijeće Europske unije povodom uvođenja EUR kao službene valute u Republici Hrvatskoj.

Tablica u nastavku prikazuje cijene Apple Music-a, Apple Arcade-a i iCloud+-a u HRK i njihove protuvrijednosti u EUR. Cijene Apple Arcade-a i iCloud+-a bit će smanjene u sklopu prijelaza.
